Your Honor,

I worked in Lockport my whole career: 42 years; of which 36 yrs was with GM, and 6 years as a Delphi employee.

How can any company ( GM ) spin off a subsidiary ( Delphi )...later buy back its Plants ( Lockport ); take back or fund ALL of its legacy costs EXCEPT salaried employees.

Justice is a serious word and concept...I hope and pray the word " Honor " in your title applies to your judgment and ethics in this matter.

Respectfully Yours,
